STQN Announces 2021 Third Quarter Medical Director's Award

COVINGTON —St. Tammany Quality Network presented its 2021 third-quarter Medical Director's Award to Dr. Gabrielle Givens for achieving outstanding patient results for chronic disease management.

"Dr. Givens has achieved remarkable success in improving her patient's health," said Dr. Michael K. Hill. "Our goal at St. Tammany Health System is to improve hypertension, diabetes and cholesterol control. Dr. Givens and all our STQN adult primary care physicians have done a remarkable job attaining these goals despite some significant challenges. We are so fortunate to have her in our community."
